Library Shelving

reflection

Reflection is a traditional cantilever shelving system proven to be cost-effective and robust across thousands of libraries.

Reflection is ideal for academic and public libraries where flexibility and versatility is required. A broad range of on shelf accessories, signage and end panel options can be used to define space, maintain the order of book stock and improve the customer experience.

Book Supports

Book supports help to keep stock in order and can be fixed to the shelving or free standing.

Choice of Shelving

Reflection shelving is 'Reska' compatible and can be single sided, double sided or wall mounted.

Signage

FG Library offer a complete range of library signage products that can be customised for your library and provide a cost effective branding opportunity.

Wide Range of End Panel Options

End panels can be used to define space, enhance display, add colour, or to customise and brand your library. Versatile and functional, any combination of featured end panels can be used to create dynamic spaces.

A broad range of finishes are available, giving a choice of wood effect, laminate, mfc or paint coated.
